Dear [Redacted]

This is to confirm Mr. Casey's sincere regret that he will be unable to address Beta Gamma Sigma on the occasion of its golden anniversary.

Both we and the Society have tried hard to reschedule this event since it was originally cancelled. In fairness to you, however, we have no more wish than you to reschedule it on a tentative basis and, regrettably, Mr. Casey's travel and other commitments allow no other accommodation at this time.

Thank you again for your indulgence and for the significant honor your invitation has conferred upon our Director.

Sincerely,
